Object: Official collaboration from Mr. Sergio Castro Martinez

To whom it may concern,

This letter is to confirm that Mr. Sergio Castro Martinez is a founder of the Montreal Insectarium located in Montreal, Quebec, Canada. Mr. Martinez over the past few years has been very active in entomology in supplying the Montreal Insectarium free of charge insects for museum, education and scientific purposes. He has also been of great help in many scientific films I was appointed as a scientific consultant including the series Insectia, The Blue Butterfly, Lost World, etc....

Mr. Martinez is a serious collector and I confirm that the materials that he will brought back from his various trip and field trip over the world will benefit to education and science.

I also would like to confirm that Mr. Martinez will not collect any C.I.T.E.S specimens as well as any other insects protected and that might be listed on the U.S. fish and Wildlife or any international or local list of protected species.

I will appreciated any help and collaboration you could eventually give to my collaborator Mr Martinez and if you need any additional information please do not hesitate to contact me.

I thank you in advance for your collaboration, this bring you my sincere best regards.
